Secretary's memo on
Bangalore D. Com: no 1023
dated 21st April 1876.

(1) Was there any
correspondence? was the
burial ground superseded
by a new one?

(2) Is this (the matter
is pending before Govt) a
fact?

+ Letter no 105 of 10/3/82

Stoppage of burials
in the Mahomedan burial
ground north-east of the
Maharaja's Palace at
Bangalore

As the situation of
the Mahomedan (Burial)
ground in the proximity
of the palace was open
to serious objection and the
burial ground was already
full, the Residency was
moved in March 1882 to
allot another piece of ground
in a different part of the
Cantonment and to close
early the existing burial
ground. In his reply dated
21st June 1882, the Assistant
Resident stated that no other
suitable site could be
found within the limits of the

Station and that if a - 4

spot equal in area

to the space left unoccupied
in the present burial ground

and not further removed
from the Station, could,
be found outside the Station
limits, the matter could
be easily arranged. Accordingly

Mr. Picketts, the then D^y
Com^r, to whom the copy of
the Residents' reply was
communicated, selected

+ Bangalore D^y Com^r No 623 of 16/11/22

in company with the
Mahomedan Assistant Com^r
Mr. Syed Hasamuddin, a
site measuring 12 acres and
23 Guntas in the Hayangutta
village of Daddagunta,
which was approved of
by Major Malley, the then
President

+ No 134 of 9/5/83.

5 D^o president of the Station¹⁰
Municipality. On a further
reference, the Dy Com^r
stated the names of holders
of the land referred to
and the amount claimed
as compensation for their
respective holdings. No orders
appear to have been issued
on the subject and in reply
to a query from this office
in 1887, the Dy Com^r stated
that as the village of
Doddegunta was transferred
to the Station limits, no
information was available
in his office as to the
settlement of compensation
claimed for the land
to be given for the new

11
new burial ground. This ⁶
letter was simply filed

+ no 31 B/19/4/87

and no correspondence
appears to have taken
place till 16 July 1895.

A memorandum received of
this date received from the
Dy Commr of Bangalore
shows that no orders were
issued to stop burials; &

that the trustees of the
burial ground purchased
recently, Survey no 6 of the
Vyyalsikaram village adjoining
the burial ground, and
allowed several burials
to take place within a
few feet from the limits
of the new land.

Subsequent to the receipt
of the above memorandum
a

etc: 9 Dy 17/7/95

I a lengthy letter, ¹²⁷was addressed
to the Resident with a
brief statement of the
above facts and with a
promise that the Division
will pay such sum as
the Residency ^{would} deem proper
for the acquisition of the
site preferred to or other

new burial ground.

The burial ground,
was inspected by the
2nd and 3rd Councillors

Comr of Bangalore; and
the Deemr, to whom
the file was submitted,
wished to have the sketch
of the ground showing the
parts

13
ports occupied and 8
unoccupied with a view to

address the Resident.

Accordingly the sketch

plan received with the

Dy Commr's letter was

Where is this?

+ No 387 of 25/10/95

It is added that in
his hookvonn c/o 48 dated
19th July, 1895, the Dy Commr
of Bangalore pointed out
to the Bangalore Amildar
that Sundry c/o 6 of the
Vygalaharam village was
granted to the trustees of
the burial ground on the
express condition that no
burials would be allowed
to be made therein and
that it would be planted
with

9

14

with trees and that by
 allowing burials ~~they allowed~~
 the land to ^{become} liable
 under Sec 64 of the Land
 Revenue Code. Thereupon
 the Taluk authorities issued

 to the effect that they would
 be deprived of the land
 if it should be used
 as a burial ground. The

+ No 2807 7/8/95-

Dy Comr also submitted
 the Municipal file of
 papers about the burial
 ground which contains
 the marginally noted two
 estimates costing Rs 1057
 and stated that the Surcharge
 of the Station agreed before
 the

+ (1) Constructing compound
 wall to the old
 Kahanas than . . . Rs 595-

(2) — 5 crew — 5 } 1462
 opposite Palau gate }
 Total Rs 1057

the Sub. committee of the Board to pay a contribution of Rs 429 towards the cost of the wall. In view of the financial condition of the Municipal Board, the President requested that a contribution might be made from the Sanitary Budget to meet the cost of the wall. This preference was ordered by both the 1st and 3rd Commissioners to be submitted to the Deewan.

The ~~above~~ papers, ~~from~~ from which the above facts are gathered, have been obtained from D. H. Q. and are herewith submitted.

The Dy Comm ^{for signature} ~~papers~~ 17/1/06

11 (om's remarks (contained in ¹⁶
his letter dated 21st April
1896 to 1023) ~~to the effect~~
that "the matter is pending
before Court". applies evidently
to the above correspondence.

In ~~In the~~ the present
reference the Dy Comr
states that he issued orders
for the entire stoppage of
burials. I beg to submit
that no new burial ground
has as yet been provided, it
is doubtful whether the
burial could be prevented
altogether.

Submitted Dy 11/5/96

them regarding
Mahomedan Burial
ground at Bangalore

The arrangement proposed by the Sub-Committee does not commend itself in ^{one important} ~~some~~ particular.

The proposed wall sh^d. not enclose the new triangular piece of land in the corner N.W. of the Burial Ground proper but sh^d. follow the red pencil line as marked on the plan herewith sent -

This is necessary to prevent encroachment on this land hereafter -

The Resident was moved for the assignment of a new piece of land for the Burial Ground in this Office.

If the Cemetery Trustees agree to this and ~~the~~ will pay the proposed contribution, the Govt will be prepared to pay the remainder of the cost, if mean while the Resident does not see his way to assign some other land within City limits for a new burial Ground for the Community Concern.

To

The Resident in Mysore

L.R.

78-1895-

Serial No

1

Sir,

There is a mohamedan burial ground ~~in~~ the N.E. of the ~~Palace~~ Compound of the Palace at Bangalore - This burial ground is used by the Mohomedan Community of the C. & M. Station & ~~since 1 April 1883 it is not included within City limits.~~

It was the 1 April 1883 within station limits.

2. The proximity of this burial ground to the Palace ~~being~~ was considered undesirable & a request for its removal ^{from more suitable locality} was submitted to your predecessor in ~~charge~~ Mr Rangachariar letter of No. 105 of 10 March 1882 -

The Asst. Resident in his reply No. 663 of 21 June 1882

~~informed the Division Enquire whether a suitable site~~

The Division that no suitable site could be found within the station limits and that if ^{one} could be found outside these limits the matter proposed removal could probably be arranged

Sd/-

21.7.95

cc'd to the C. & M. Station
22/7/95

74

M

Owing to Alteration
of Station
boundaries

Since the above Correspondence was
the burial ground in question ~~was~~
~~to~~ came to be included within
the Durbar's jurisdiction, but is
still used by the Mohammedan
population of the C. & M. S. Station.

The Durbar have hitherto tried
to restrict burials ~~therein~~ therein,
~~to~~ but in the absence of
another suitable place set apart
for them.

The Durbar ~~have~~ ~~will~~ took
no steps in the matter heretofore
making Enquiries for a more eligible
site and trying to regulate
burials with due regard to Sanitation
requirements - The place ^{reported to be now} is nearly
full ^{of graves} and the time has apparently

further
burials
therein shd
be stopped,
and

arrived when a new burial
place ground ~~has~~ ~~been~~ assigned
to the Mohammedan Community of
the Station - A clandestine
attempt ~~the present~~ to extend
the present burial ground on
one side of it has had to be
stopped by the Durbar officials
on the ground of such extension

3

15

75

being objectionable on the ground of proximity to the Palace. Under the circumstances I beg that you will be so good as to cause a new burial ground to be assigned for the use of the Community concerned, ~~for~~ As soon as this is accomplished the Durbar will ~~stop further burials~~ ~~within~~ close the present burial ground for future burials —

I beg to add ~~that no suitable~~ ^{then apparently is} ~~site has been found within~~

I beg to add that no good site fulfilling the condition of convenient proximity to the Community concerned has been found outside the station limits. From Enquiries the Durbar officers made in 1882, the most eligible site appears to be the one reported upon in Bangalore Depy Comr's. No. 623 of 16 Nov 1882 & No. 952 of 2nd March 1883 (Comr's Enclined) - This site is within the ~~limits~~ ^{limits} of the village of Doddikunta now included within ~~the~~ the station limits

76

4

16

For the acquisition of this or
 other suitable ~~ground~~ for land
 for a new burial ground the
 Durbar will pay such sum
 as you may fix, as the
~~removal of the closing of the~~
 present burial ground is
 required partly on account of its
 situation close to the Palace - . The ~~dot~~ area
 of the present burial ground
 is about $11\frac{1}{2}$ acres, ^{of land nearly filled with grass} while that
 of the proposed ground in Dodd
 Kunda is $12\frac{1}{2}$ acres of free land
 than

Enclosures No. 1 File.

General No. 28.

Sir,

In forwarding for information of Government the file of correspondence with the Executive Engineers. Dated 16th July 1895 to be kindly returned, I have the honor to state that the Mahomedan burial ground referred to in the correspondence is the one to the north-east of the palace and although within city limits

is used by the inhabitants of the civil and military station. The Tunkut road which skirts the burial ground on the west is much used by the military and the graves and the burials are seen from the road. With a view to shut-out this sight from the passers on the road and considering also its proximity to the palace gate on the Tunkut road, it is considered necessary to screen the exposed portion of the burial ground by means of a wall. The wall is estimated to cost Rs 1057/-. The Sirkhay of the station has agreed before a sub-committee of the Board to pay a contribution of Rs 429/- towards the cost of the wall. Taking into account the present financial condition of the Board and the pressing need for expenditure for roads I would suggest contribution from the Sanitary Budget for meeting the cost of the wall.

I have the honor to be

Sir

your most-obedient servant

The President of the City
Municipal Board

Bangalore

Sir,

We have the honor to report that in pursuance of the Board's resolution No. II dated the 27th and 30th December for warded with the Vice President's Memo No. 947 dated the 1st December last, the members of the Sub Committee met Mr Sarkharji Syed Abdul Khudus Khadri at the Mahamadan Burial Ground at 9 a.m. on the 9th idem and after full discussion arrived at the following conclusion.

(1) That the Khazji Sahib undertakes to give a Mutehalika binding himself and the trustees of the Mahkhan not to make over that piece of land north of the Mahamadan Cemetery and recently added thereto as a burial ground.

(2) That a neat enclosure wall be erected the whole length of the cemetery and the

65 26 43
new land on its west face, the wall to be
4 ft high and one brick (or 9") thick with
pilasters every 25 or 35 ft.

(3) That the cost of erecting this wall be
borne as follows:—

(a) The Board and the Makkhan Trustees
to bear each the half cost of the wall
for the side of the new piece of land and

(b) The Board to bear $\frac{2}{3}$ rd and the Makkhan
Trustees $\frac{1}{3}$ rd of the cost of the wall for the
face of the Old Cemetery

(4). That permission be granted to make
bricks required for the wall from earth
to be taken out of the Guntah on the
north of junction of Inkur and
Nandidrug Roads.

(5) That the alignment of the wall on the
West face of the new land be marked
at one yard distance from the avenue trees
on the road side.

(6) That the Makkhan trustees plant and
maintain in good order a line of casua-
rina trees along the whole length
of the wall on its inner side

We beg to recommend the above

Memo

The Byadarhalli grave yard trustees have purchased survey No 6 of the Byali Kaval village and contemplate an extension of the present burial ground. The accompanying sketch shows the position of the land with reference to the Palace Gate. It is not advisable on sanitary grounds to permit any extension of the burial ground in the direction of the Palace, it is therefore necessary to acquire the land under the Land Acquisition Act

Deputy Commissioner's Office
Chitaldroog District
Dated 8th December 1895.
11

To
The Revenue Secretary to the
Government of Mysore
Bangalore.

Sir,
I have the honour to submit
for the orders of Government the
dated 8th October last from the
Madigara of Hanthar, and the
vernacular papers on the subject.

2. There is in the enclosed file of
papers a sketch of lands near the
Hanthar Railway from which
it will be seen that Survey nos. 9, 10,
76 and 77 have been acquired for
the construction of a Rest house for
the use of His Highness the Maharajah
during his tour, ^{or} His Highness'
way to and from Northern India.
I do not know whether this Project
will be carried out in the near future.

3. The old Madigaraatti was
scattered over the land marked
in M. on the sketch and it was re-
moved on account of its insanitary
condition, and as being in close
proximity

proximity to the station yard and to the proposed Rest house. The Madigams built their huts in the place marked C, but now find the ground unsuitable for them. It is exposed and low lying and is not free from the objection of proximity to the Station and Rest house.

4. I examined the surroundings of Hanuman very carefully more than once and was unable to find a spot which could be given to the Madigams for building their huts. The Rest house if built will be located nearer the Travellers Bungalow than the Hanumanahalli Road and the huts if permitted to be re-built on the old site will not be so very near. They will be at the same time at a safe distance from the Station and the quarters of the Railway staff. The Madigams moreover promised to build their huts in a walled enclosure, and upon a plan laid down by Govt. and to keep the premises as clean as possible, doing their objectionable trade

SS
Trade in a spot about half a mile
beyond the Railway bridge across
the river.

5. The Sweepers for the town
are drawn from this class and
the Madigans are necessary for
the convenience of the townspeople.
It is therefore inadvisable to do
any thing that will have the effect
of inducing them to ~~leave~~ leave
the town and seek livelihood
in villages. I therefore solicit
instructions as to whether permission
may be given to them to rebuild
their huts on the old sites, subject
to the conditions laid down in
the preceding plans.

This would be
a great pity if
all the improve-
ment effects
recently -

I have the honor to be,

Sir,
Your most obedient servant
M. M. M. M. M.

Offg. Deputy Commissioner.

Sir,

Your most obedient servant

J. P. P.

Brigade Surgeon-Lt. Colonel
and Surgeon & Surg. Comr. Mysore Dist.

60

A

Camp Karikar
27th January 1896

From

to The Civil Surgeon
MikongThe Civil Surgeon - Sanitary Commission
with the Fort - Day 2000

2 in -

1. Received in L. no. 1736
dated 18th Instant with enclosures
re Fort Proceedings no. 8005-6
of 17th January '96 in regard to permitting
Madigars of Karikar to rebuild
their huts on the old site acquired
from them I have the honor to report
as under -

2. The site acquired from the
Madigars is not for the purpose
of building a post here for it is
highly dangerous the Madigars of Karikar
live in four - It (the site alleged)
is situated in portions of Survey
Numbers 10 and 77 as shown by me
in the enclosed map - The old site of
the Madigars is in too close a
proximity to the town and the
surroundings are not at all worthy
of such a building to stand in
relation thereto.

3. It appears to me that the land
was acquired for the purpose of
effecting some sanitary improvement
by clearing a road therein and
affording facilities for till in the
shallow bank that was adjoining
it & possibly in view also to afford
wide sites for the purpose of extending
the town - A road has been
laid out and a communication

established between a portion of the town and the railway premises - the filling in of the bank has not been done and should be effected as early as convenient.

4. The portion shown by a red ink boundary mark (C in Survey No. 65) is where the Madigas are now lodged. They complain bitterly of the site as being badly exposed to wind and rain. Some 25 per cent died of fever and other ailments from amongst them since their removal to this site and superstitious as these people are, every little incident of ailment is attributed by them to the ill will of their deity for having come here and unless some redress is afforded to them I am sure that they will leave the town in a body and go to another town or village. I am informed by the Amildar (Mr. Venkatesiah) that these people once went on a strike and would not do the scavenging & sweeping the town and once they refused to carry away a dead body found floating in the river.

5. They object to go to the site marked B in Survey No. 63 as being too near the river and objectionable in so far that during heavy floods their houses are likely to be inundated and at ordinary times when they themselves go away to outlying villages and so on for work &c. for might go to play in the place accidents may be caused at it is towards their

62 on burial grounds.

X | 6. Nos: 8. 81 and 2 are temple and other main lands held by brahmins and may be difficult to procure. The headgars say that should these lands be acquired and given to them they would not go there as they would be under the ill will of the temple deity and the brahmins.

7. I see no objection whatsoever from a sanitary or any other point-of view to allow these headgars to build their huts on survey no: 75 land and in a portion of no: 10 kicked off by me in the map. Here they will be at one end of the down and considering that there are over two hundred waste ~~site~~ house sites inside the down that day on which the down will extend eastwards of the Thallu tank is far off from view. The necessary road passing through lands no: 75 and 10 has been opened and there are roads to the north & east of this site.

8. In granting this concession however I would suggest the following limitations.

1st. That these people be not allowed to build houses to the west of the newly made road in survey nos: 75

^{2/0} 2nd. That about 50 to 80 feet of ground be left clear by them by the side of the newly made road referred to above and the Koundli-Karp

63

By No. 1516

and Bangalore - Dharwar roads. 30/11/98

3^d. That they build their huts not irregularly and anywhere but in 3 or 4 regular lines and that being a sufficient space all round, these lines be enclosed by a wall with the gate way, facing Eastwards i.e. facing the Homali-Nagarkhal road.

4th. That after the filling in of the shallow tanks drainage & sewerage of these headigar huts be carried through a drain proposed to be constructed in this filled portion or is allowed as to fall into and course through the drain shown in the map.

5th. These headigars be made to fetch water from the river to the North of the bridge on the Bangalore Dharwar road.

9. With these limitations I beg to submit that these headigars (Billi Begars) a very useful class of people in more ways than one deserve consideration at the hands of the Government and may be kind of allowed to build their huts in the land above stated.

10. I consulted the Municipal Engineer, the people living in the portion of the town immediately to the South of Survey No. 5 land and the Deputy Commissioner and others and without a dissentient voice all of them are for the proposal, granting the headigars their request with the limitations mentioned above.

11. It is the wish of my belief and judgment according permission to the headigars to build their huts as described above is in no way likely to be a disadvantageous point of view and would not injuriously affect the existing as well as the projected improvements of the town. Enclosures returned.

I have the honor to be

Sir

Your most obedient servant
 H. J. Achyutadas
 Civil Surgeon

Local Boards Branch, Municipal, dated 10th February 1896.

(5). They object to go to the site marked B in Survey No. 63 as being too near the river and objectionable in so far that during heavy floods their houses are likely to be inundated and at ordinary times, when they themselves go away to outlying villages and so on for work, their children might go to play in the river and fatal accidents may be caused them; also that it is towards their own burial grounds.

(6). Nos. 8, 81 and 2 are temple and other inam lands held by Brahmins and may be difficult to procure. The Madigars say that should these lands be acquired and given to them, they would not go there as they would be under the ill-will of the temple deity and the Brahmins.

(7). I see no objection whatsoever from a sanitary or any other point of view to allow these Madigars to build their huts in Survey No. 75 land and in a portion of No. 10 ticked off by me in the map. Here they will be at one end of the town, and considering that there are over two hundred waste house sites inside the town the day on which the town will extend eastwards of the shallow tank is far off from now. The necessary road passing through lands Nos. 75 and 10 has been opened, and there are roads to the north and east of this site.

(8). In granting this concession, however, I would suggest the following limitations.

1st.—That these people be not allowed to build houses to the west of the newly made road in survey Nos. 75 and 10.

2nd.—That about 50 to 80 feet of ground be left clear by them by the side of the newly made road referred to above and the Honnali-Harpanhalli and Bangalore-Dharwar roads.

3rd.—That they build their huts not irregularly and any how but in 3 or 4 regular lines and that leaving a sufficient space all round, these lines be enclosed by a wall with the gate way opening eastwards, i.e., facing the Honnali-Harpanhalli road.

4th.—That after the filling in of the shallow tank drainage and sewerage of these Madigar huts be carried through a drain proposed to be constructed in this filled-in-portion, or so allowed as to fall into and course through the drain A shown in the map.

5th.—These Madigars be made to fetch water from the river to the north of the bridge on the Bangalore-Dharwar road.

(9). With these limitations I beg to submit that these Madigars (Bitti Begars) a very useful class of people in more ways than ten deserve consideration at the hands of the Government and may be kindly allowed to build their huts on the land above stated.

(10). I consulted the Municipal members, the raiyats living in the portion of the town immediately to the south of Survey No. 75 land and the Deputy Amildar and others, and without a dissentient voice all of them are for the Government graciously granting the Madigars their request with the limitations mentioned above.

(11). To the best of my belief and judgment according permission to the Madigars to build their huts as described above is in no way objectionable from a sanitary point of view and would not injuriously affect the existing as well as the projected improvements of the town. Enclosures returned.

No. 9245-6—L. F. 190-94, DATED, BANGALORE, 10TH FEBRUARY 1896.

ORDER THEREON.—Government approve of the Civil Surgeon's suggestion concurred in by the Sanitary Commissioner, and direct that the Madigars at Harihar be permitted to build their huts on Survey No. 75 and part of Survey No. 10.

The Deputy Commissioner is requested to pay particular attention in the matter of enforcing the sensible and practical suggestions of the Civil Surgeon contained in paras 7 to 11 of his letter and intended to secure sanitation in the new Madigar palya.

V. N. NARASIMMIYENGAR,
General Secretary.

To—The Deputy Commissioner, Chitaldrug.

The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

98

Proceedings of the Government of Mysore,

READ:—

1. Letter, dated 8th December 1895, No. 467—271, from the Deputy Commissioner, Chitaldrug.

I have the honor to submit for the orders of Government, petition dated 8th October last, from the Madigars of Harihar and the vernacular papers on the subject.

(2). There is in the enclosed file of papers a sketch of lands near the Harihar Railway from which it will be seen that Survey Nos. 9, 10, 76 and 77 have been acquired for the construction of a rest-house for the use of His Highness the Maharaja during his tours on His Highness' way to and from Northern India. I do not know whether this project will be carried out in the near future.

(3). The old Madigarhatti was scattered over the land marked M on the sketch, and it was removed on account of its insanitary condition, and as being in close proximity to the station-yard and to the proposed rest-house. The Madigars built their huts in the place marked C, but now find the ground unsuitable for them. It is exposed and low lying and is not free from the objection of proximity to the station and rest-house.

(4). I examined the surroundings of Harihar very carefully more than once and was unable to find a spot which could be given to the Madigars for building their huts. The rest-house, if built, will be located nearer the Travellers' bungalow than the Harapanaballi road, and the huts, if permitted to be re-built on the old site, will not be so very near. They will be at the same time at a safe distance from the station and the quarters of the railway staff. The Madigars, moreover, promised to build their huts in a walled enclosure, and upon a plan laid down by Government, and to keep the premises as clean as possible, doing their objectionable trade in a spot about half a mile beyond the railway bridge across the river.

(5). The sweepers for the town are drawn from this class and the Madigars are necessary for the convenience of the towns-people. It is therefore inadvisable to do anything that will have the effect of inducing them to leave the town and seek livelihood in villages. I, therefore, solicit instructions as to whether permission may be given to them to re-build their huts on the old sites, subject to the conditions laid down in the preceding para.

2. Government Proceedings, dated 17th January 1896, No. 8005-6—L. F. 190-94.

READ:—

Letter, dated 8th December 1895, No. 467-271, from the Deputy Commissioner of the Chitaldrug District, submitting a petition, dated 8th October 1895, from the Madigars of Harihar and vernacular papers connected with the site acquired from Madigars for the construction of a rest-house for the use of His Highness the Maharaja of Mysore, during his tours and for the sanitary improvements of the town, and soliciting instructions as to whether permission may be given to Madigars to re-build their huts on the old sites on certain conditions.

No. 8005-6—190-94, dated, Bangalore, 17th January 1896.

ORDER THEREON.—The Government apprehend that to permit Madigars to re-build their huts on old sites acquired from them would be objectionable on a sanitary point of view and would also injuriously affect the existing as well as the projected improvements of the town. Before, however, passing orders on the present proposal of the Deputy Commissioner the Government would wish to be favored with the opinion of the Senior Surgeon and Sanitary Commissioner to whom the papers will be forwarded, to be obligingly returned with his opinion.

3. Letter from the Senior Surgeon and Sanitary Commissioner, dated 29th January 1896, No. 1865, with letter, dated 27th idem, No. A., from the Civil Surgeon, Shimoga.

With reference to the Proceedings of Government and Order thereon No. 8005-6—L. F. 190-94, dated 17th instant, with one file of vernacular papers (herewith returned), I have the honor to forward the enclosed letter A., dated, Camp Harihar, 27th idem, from the Civil Surgeon, Shimoga, and to state that I approve of the recommendations made by the Civil Surgeon in the 7th and following paras of his letter.

Camp letter A, dated 27th January, from the Civil Surgeon, Shimoga.

As desired in your No. 1736, dated 18th instant, with enclosures re Government Proceedings No. 8005-6—L. F. 190-94, dated 17th January 1896, in regard to permitting Madigars of Harihar to re-build their huts on the old sites acquired from them, I have the honor to report as under—

(2). The site acquired from the Madigars is not for the purpose of building a rest-house for His Highness the Maharaja of Mysore while on tour. It (the site selected) is situated in portions of Survey Nos. 10 and 77 as shown by me in the enclosed map. The old site of the Madigars is in too close a proximity to the town, and the surroundings are not at all worthy of such a building to stand in relation thereto.

(3). It appears to me that the land was acquired for the purpose of effecting some sanitary improvements by opening a road therein and afford facilities to fill in the shallow tank that was adjoining it and possibly in view also to afford house sites for the purpose of extending the town. A road has been opened out and a communication established between a portion of the town and the railway premises. The filling in of the tank has not been done and should be effected as early as convenient.

(4). The portion shown by a red ink boundary mark (C. in Survey No. 65) is where the Madigars are now located. They complain bitterly of the site as being badly exposed to wind and rain. Some 25 persons died of fever and other ailments from amongst them since their removal to this site, and superstitious as these people are, every little incident of ailment is attributed by them to the ill-will of their deity for having come here, and unless some redress is afforded to them I am sure that they will leave the town in a body and go to another town or village. I am informed by the Amildar (Mr. Venkatesaiya) that these people once went on a strike and would not do the scavenging and sweeping of the town, and once they refused to carry away a dead body found floating in the river.
